

# Dress Up As...

# BOO BOO BUTT

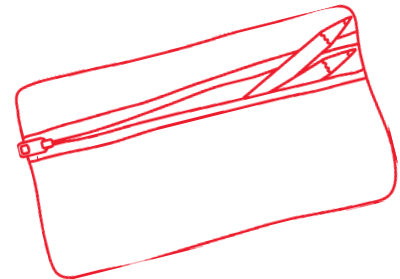

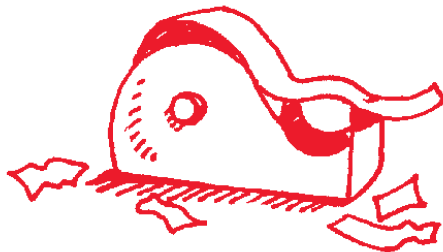

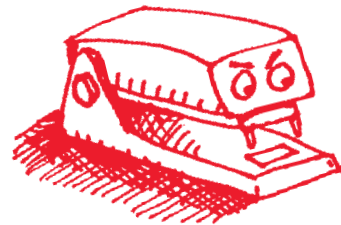

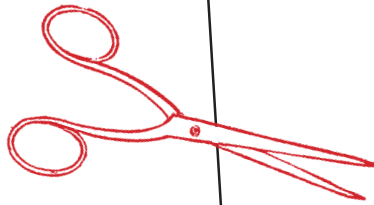

The  
Book  
With  
No  
Pictures

B.J. Novak

## You will need:

- Index Card
- Ruler
- Scissors
- Stapler
- Scotch tape
- Crayons for decorating your mask!

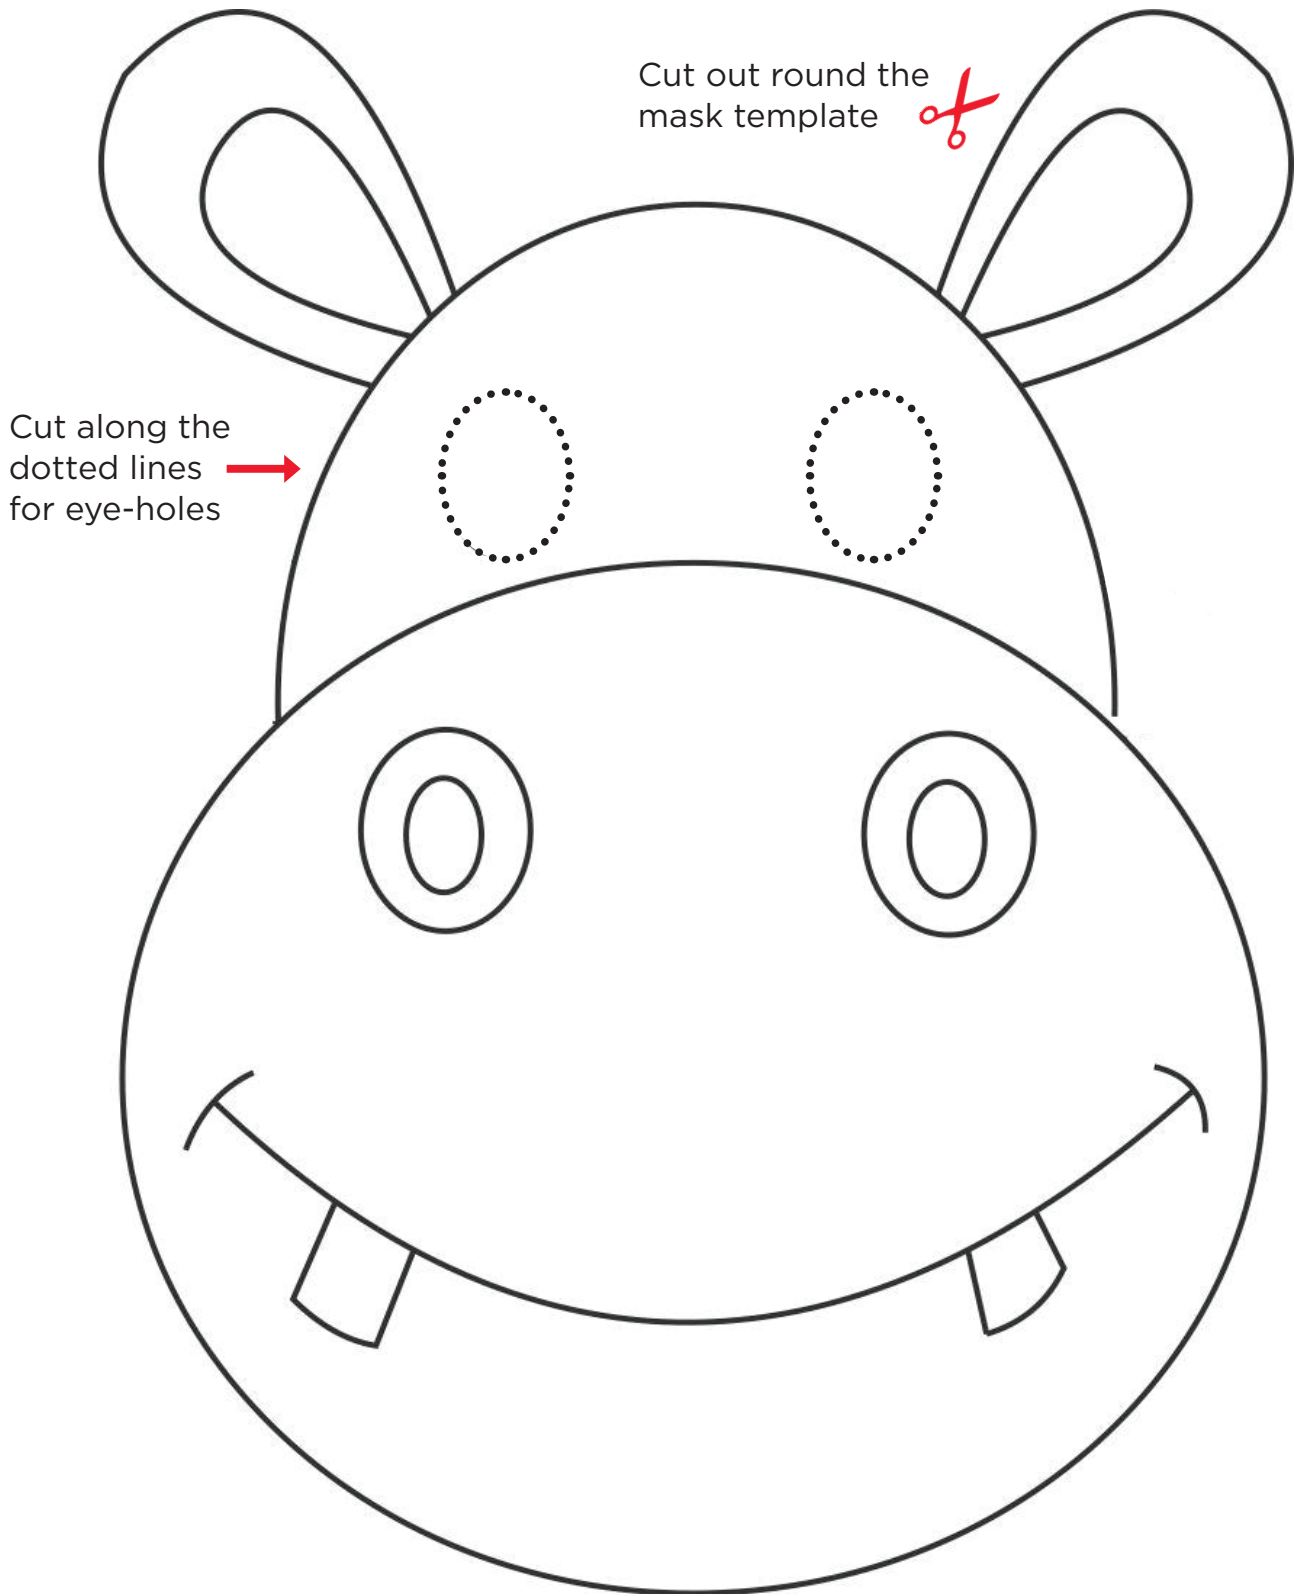

## To Make Your BOO BOO BUTT Mask:

- 1** Cut inch wide strips of an index card that when stapled together will be long enough to fit around your head – you may need help with this! Staple the ends together to make a headband. Cover the staples with tape on the inside of the headband, so you don't hurt yourself.
- 2** Cut out the Boo Boo Butt template (on the next page), following the dotted lines to make the eye-holes.
- 3** Now for the fun part: color in and decorate your mask however you like—maybe you can write your favourite, silliest words on to your mask!
- 4** Use scotch tape to attach your mask to the front of the headband. Ensure you can see out of your eye-holes before you stick your mask in place! There you have it – you are now a hippo named Boo Boo Butt!
