The East Branch Library: So Much More!

The traditional image of a library is as a repository of books, but the East Branch, like most modern libraries, has so much more. In addition to thousands of books, magazines, DVDs, and CDs, we offer a number of valuable community services. Eight public computers and open public WiFi help cover your Internet needs, along with a printer and copier available to the public. Lesser known services include faxing and scanning of documents and pictures. Have a question about e-books or e-book readers? Our library team is always available to help with any questions you might have.

We also provide a lot of great, free programs for a variety of ages. Preschool and kindergarten age kids can join us weekly for Story Celebrations with books, songs, crafts and more! For school-age children, we offer monthly Minecraft and LEGO® events. For Mini-Minecraft, kids can join our multiplayer server and build together. Or, at the LEGO® Builders Club, they can build the monthly challenge and let their imaginations run wild. And don't forget about our regular summer and winter reading programs, which offer prizes and incentives just for reading!

So stop in, and see what's new at the East Branch!

The Race for Life: One Man's Story of Surviving the Rwandan Genocide
Thursday, April 9th at 6 pm., Jitters Coffeehouse

Author Theo Makombe will be discussing his memoir, *The Race for Life*. Theo was only 14 years old when he lost most of his family in the Rwandan genocide. Just before she was killed, Theo's mother gave him this command that saved his life "Run and never give up."

Learn how a Gospel chorus and a series of miracles not only helped Theo survive the thirty-day massacre, but eventually revealed the love of God to this confused, hurting young man. See how the terrible mess of his life was transformed into a powerful message of hope and forgiveness.

Join us at Jitters Coffeehouse for this inspiring event. Copies of the book will be available for purchase.
